DETAILED ACTION

Drawings

1. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they include the following reference sign(s) not mentioned in the description: element 41. A proposed drawing correction, corrected drawings, or amendment to the specification to add the reference sign(s) in the description, are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

(e) the invention was described in-

(1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effect under this subsection of a national application published under section 122(b) only if the international application designating the United States was published under Article 21(2)(a) of such treaty in the English language; or

(2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that a patent shall not be deemed filed in the United States for the purposes of this subsection based on the filing of an international application filed under the treaty defined in section 351(a).

3. Claim 1 is rejected under 35 U.S.C. 102(a or e) as being anticipated by Sim.

Sim discloses: an apparatus (10) useful as a barbecue pit having a food grill (130), an enclosure (20); a firebox (100) having a fuel grate (120) wherein the food grill (130) rests on top of the enclosure (20); a firebox (100) wherein the

firebox is contained in and removable from the enclosure; and a layer of water that can be poured into the firebox where the layer of water serves to receive charcoal ashes as charcoal placed on the fuel grate burns as well as grease dripping from food placed on the food grill, as recited in sections [0044], [0102], [0120], [0148], claim 26 and seen in figures 1 and 3.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: US Patent No. 4,877,011 discloses a barbecue pit with a doors and a removable firebox. Although not explicitly recited it would be obvious to one with ordinary skill in the art to include water in element 28 for the purpose of ease of cleaning. US Patent No. 4,827,903 discloses a barbecue cooker with a water collection system. US Patent No. 5,070,857, US Patent No. 6,199,474, US Patent No. 6,189,528, US Patent No. 4,489,706, and US Patent No. 5,862,741 teach to utilize water in a lower pan area.
